Your home advertised in the local paper.

EXPENSIVE!

I will advertise your home on my website 24/7/365 and on #1 Expert.com this will give you internet exposure at no cost to you.

In return any calls on your property that are qualified (they must agree to be pre-qualified with a lender) and want to see your property. You will allow me to show them said property using a 1 Party Showing Agreement

and/or a Buyer's Broker Agreement (Also, your property must be located in Orange County, CA.)

I am versatile and recognize a seller's motivation. I prefer to educate and explain timing and exposure that a dedicated professional brings to the table plus the support and back-up to an avowed do-it-yourselfer would appreciate.

- *Getting the right price
